New Worlds Scholarship Accounts 

Dear Parent/Guardian,

There is a lot to be thankful for this season. This fall, we're thankful for the opportunity to support your child's education through the New Worlds Scholarship Accounts and reading programs like Tune into Reading.

Tune into Reading is a reading improvement program that uses singing to make reading practice fun. This software program works equally well on tablets and computers.

[University-based research](#) demonstrates the effectiveness of this three-month reading improvement course. On average, students who complete the program gain one year in reading comprehension in 12 weeks' time.

Here's what Step Up parent Robyn G. has to say about the Tune into Reading program:

"Tune [into] Reading has been a *game changer* for my son. My son is in 2nd grade and is pulled out [of class] for reading twice a week. He also has a private tutor. However, with the extra assistance at school and after school he could not meet the minimum STAR reading score for promotion at the end of April 2024, i.e. he was 80 points away. He started the [Tune into Reading] level 1 program the first week of May. The last week of May he was administered another State test to qualify for promotion. This time he got the exact score needed for promotion! I did not expect to see results this quickly, due to his disability, but will take the positive progress. I will be continuing the program throughout the summer due to the effectiveness."

TUNE into READING

One year's gain in reading in 3 months. Guaranteed!

- ✦ Singing makes reading practice fun
- ✦ Just 3x/week for 12 weeks

~~\$300~~

This course may be a good fit for your student if:

- They are a struggling reader between ages 6-12
- The cost of tutoring sessions is a burden to your family
- Your family struggles to find transportation to your students' after-school activities
- Your child struggles to focus while reading/learning, but stays engaged when playing video games
- Your child enjoys singing/music

Are you interested in learning more about this course? [Click here](#) to watch a quick 5-minute presentation about Tune into Reading and how to purchase it on MyScholarShop. You'll be asked to complete a short form before accessing the video. Completing the form will ensure a representative from Tune into Reading will reach out to you and answer any questions you may have.

Still have questions? Just email Tune into Reading at info@elpcorp.com and a company representative will get back to you.

Want to purchase Tune into Reading for your student? Simply type "Tune into Reading" in the search bar in MyScholarShop and click "Add to cart" on the Tune into Reading tile.

Important: Please keep track of your student's account balance which may be viewed on the "My Students" tab in [EMA](#). If you are receiving services for your child, do not make additional purchases until Step Up For Students has paid your provider. If you spend more than what is in your student's account, you will be responsible for paying the difference.
