Scholarship Program (FTC), the Hope Scholarship for students who are bullied or are victims of violence in a public school, and the New Worlds Scholarship Program for public school students in kindergarten through fifth grades who struggle with math and/or reading.

The Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) provides access to an education savings account (ESA) that functions like a bank account from which you direct funds to pay for tuition and fees for a private school, homeschooling options, therapies, tutoring, and more. In 2014, Florida became the second state in the nation, after Arizona, to create an education savings account (ESA) program for children with special needs. Formerly called the Gardiner Scholarship, in 2021 this program was rolled into the Family Empowerment Scholarship to help grow the program and to streamline the state’s scholarships. The Family Empowerment Scholarship has continued to expand, with the integration of the McKay Scholarship program into the Family Empowerment Scholarship in 2022. On July 1, 2023, the state of Florida expanded educational choice programs to all K-12 Florida students with the conversion of the Family Empowerment Scholarship for Educational Options and the Florida Tax Credit Scholarship into educational savings accounts (ESAs).

The following sections will help guide you as you use your Family Empowerment Scholarship for Students with Unique Abilities (FES-UA).

**Qualifying and Applying for FES-UA**

The Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) is available to students ages 3 to 22 who are residents of the state of Florida and eligible to enroll into a Florida public school with the following diagnoses:

- Anaphylaxis
- Autism spectrum disorder
- Cerebral Palsy
- Down syndrome
- Emotional or a behavioral disability
- Hearing impairment, including deafness
- High-risk child
- Hospital or homebound
- Identification as dual sensory impaired
- Intellectual disability (severe cognitive impairment)
- Language impairment
- Muscular dystrophy
- Orthopedic impairment
- Other health impairment
For a detailed definition of these diagnoses, click the specific diagnosis listed above or see Appendix A at the end of this document. You may share the list of qualifying diagnoses with the student’s psychologist, Autonomous Advanced Practice Registered Nurse (APRN), or physician prior to application, so they may indicate if the student meets the requirements.

The term "hospital or homebound" includes a student who has a medically diagnosed physical or psychiatric condition or illness, as defined by the state board in rule, and who is confined to the home or hospital for more than 6 months. A current IEP is required as validation for this diagnosis.

Validation of the student’s diagnosis is required and must come from a licensed Florida physician, Autonomous Advanced Practice Registered Nurse (APRN), or psychologist; or a physician who holds an active license issued by another state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. A student may also qualify with an official, district provided IEP written within the past three years in accordance with the rules of the State Board of Education or with the rules of another state.

A current IEP is required to demonstrate a dual sensory impaired or a hospital or homebound diagnosis.

Families of students with a diagnosis other than “High-Risk” will need to provide documentation of the diagnosis for the scholarship in their first year only. Families of students who initially qualify under the High-Risk designation must, at the time the student is six (6) years old on or before September 1 of the school year applied for, provide documentation of eligibility for the student under one of the other diagnoses outlined above.

Please click here for a helpful checklist for both new and renewal applications.

Step Up For Students requires families to submit their complete application to renew their scholarship each year by creating an account or accessing their account through www.stepupforstudents.org. Using their login, parents/guardians can complete an online
application and submit documentation required to confirm the student’s age, diagnosis, residency in the state of Florida and confirmation of compliance with the rules of the program (also known as the Sworn Compliance Statement).

Once a student is found eligible for the program, parents/guardians will receive a notification via email that they have been awarded or waitlisted for an FES-UA scholarship for the application year.

When a student receives an FES-UA scholarship, the family affirms that they will enroll the student in a private or parochial school or register the student with their district as a home education student. FES-UA scholarship recipients may not be enrolled in a Florida public school, including the Florida School for the Deaf and the Blind; or the College-Preparatory Boarding Academy, a developmental research school authorized under s. 1002.32; a charter school authorized under s. 1002.33, s. 1002.331, or s. 1002.332; or a virtual education program authorized under s. 1002.45. Neither may students be utilizing a state-funded VPK program, or any other school choice scholarship such as the Family Empowerment Scholarship Florida Tax Credit Scholarship, Hope Scholarship, or New Worlds Scholarship.

Families who are awarded more than one scholarship must indicate to Step Up the scholarship that they intend to utilize for the school year and decline the scholarship that they will not utilize. A student may utilize only one scholarship. To decline the FES-UA scholarship, please complete this survey.

**Please note:** Should a student appear as enrolled and funded in a public school after the student has received funds for FES-UA, funds deposited to the student’s account for that school year will be returned to the State of Florida. If your student is reported as enrolled in public school or another scholarship program, you will be notified in an email, and you should contact Step Up For Students immediately regarding your student’s scholarship status.

If your student wishes to leave FES-UA to participate in another scholarship program, VPK, or public school, you must contact Step Up for Students at fes-ua@stepupforstudents.org or 1-877-735-7837.

**Funding for FES-UA**

Funding for Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) comes from the State of Florida. You are not required to have an IEP or a matrix level to be eligible for funding in FES-UA.
Award Amounts

- For a student who has a Level I to Level III matrix of services (matrix score 251 – 253) or a diagnosis by a licensed physician, an Autonomous Advanced Practice Registered Nurse (APRN) or a psychologist, the calculated scholarship amount for a student participating in the program must be based upon the grade level and school district in which the student would have been enrolled. The funds must be allocated based on the school district's average exceptional student education guaranteed allocation funds per exceptional student education full-time equivalent student.

- For a student with a Level IV or Level V matrix of services (matrix score 254 or 255), the calculated scholarship amount must be based upon the school district to which the student would have been assigned as the total funds per full-time equivalent for the Level IV or Level V exceptional student education program.

- For a student who received and used a FES-UA or the McKay Scholarship in the 2020-2021 school year, the amount of the award will be the greater of the amount calculated below or the amount the student received for the 2020-2021 school year. Please note that the student Award Details in the EMA portal may reflect the students 2023-24 formula award amounts. This does not suggest that a student’s grandfathered award amount does not apply.

Please note that requesting a review of your matrix level could adjust the corresponding amount of scholarship funding down to a lower level. Please refer to the Revise Matrix of Services section below for more information.

Click here for the 2023-24 funding amounts.

Revise Matrix of Services

A parent/guardian of a student with a disability who does not have an IEP or who would like a reevaluation of an existing IEP may choose to request an IEP meeting and evaluation from the school district to obtain or revise a matrix of services from the school district. After the district completes the matrix, the amount of the scholarship payment will be adjusted up or down based on the revised level of services.

Please note: An initial IEP may be requested by a parent/guardian at any time from the school district, and subsequently, an IEP reevaluation is available every three years.

To seek an evaluation or reevaluation from the student’s school district:
• Contact your local school district to schedule the evaluation and/or matrix review. The school district is required to complete the IEP and matrix of services within 30 days after receiving notice of the parent’s/guardian’s request.

• The school district will complete the evaluation and matrix review and notify the parent/guardian and the DOE of the student’s updated matrix level within 10 calendar days after its completion.

• The DOE will send a notification to Step Up For Students and the parent/guardian within 10 days after receiving the school district’s notification of the matrix level.

• Step Up For Students will update the matrix level on the student’s account.

Please note: The new matrix level reported by the school district could increase or decrease your student’s scholarship amount.

Funding Prioritization

Funding is prioritized in this order based on the date and time eligibility was determined:

• For the 2023-2024 school year, a student who received an FES-UA Scholarship or McKay Scholarship in the 2022-2023 school year (also known as renewal students)

• Students on the 2022-2023 waitlist

• New students

Waitlist

The number of applications received by Step Up For Students may exceed program capacity. Statutory guidelines limit the number of scholarships available each school year, with the annual number of available scholarships determined by statute. When program capacity is met, a waitlist will be instituted.

We strongly encourage you to submit your application and any required supporting documents as soon as possible. Applications are reviewed on a first-come, first-served basis. After the annual statutory scholarship cap has been met, all students found eligible after that date will be placed onto a waitlist. There is no guarantee that a student will be moved from the waitlist. If program capacity allows additional awards, students may come off the waitlist. You will receive an email notification regarding your updated application status if your student is moved from the waitlist. Award amounts are based on the date of award, not the date of eligibility.
The following students are excluded from the annual statutory cap:

- *Dependents of a law enforcement officer as defined in s.943.10(1) or active-duty member of the United States Armed Forces.
- *Foster child
- *Adopted child
- Students who received specialized instructional services under the Voluntary Prekindergarten Education Program pursuant to s. 1002.66 during the previous school year and the student has a current IEP developed by the district school board in accordance with rules of the State Board of Education
- Students who spent the prior school year in attendance at a Florida public school or the Florida School for the Deaf and the Blind.
- Students who received a John M. McKay Scholarship for Students with Disabilities in the 2021-2022 school year.

NOTE: The above designations marked with an (*) must be indicated in the application to ensure correct processing of your application. If you indicate one of these categories in your application, you will be prompted to provide the appropriate supporting documentation for verification purposes. The following documents are requested for the appropriate cap exclusions:

- *Dependents of a law enforcement officer as defined in s.943.10(1) or active-duty member of the United States Armed Forces: A photocopy of the LEO’s badge, or the Service Member’s Leave & Earnings Statement (LES) for the month in which the application was submitted.
- *Foster child: A copy of the Foster Placement documentation, or other similar legal documentation
- *Adopted child: A copy of an Adoption Decree, or other similar legal documentation

Students who are excluded from the annual statutory cap may be placed on a waitlist while their cap exclusion is verified. If a cap exclusion is confirmed, the student will be moved to an awarded status.

**Funding Proration**

The amount of funding is prorated based on the date the student is found eligible by the SFO.

- Application must be received by August 1 and be eligible and awarded by September 1 = 100%
• Application must be received by October 1 and be eligible and awarded by November 1 = 75%
• Application must be received by January 1 and be eligible and awarded by February 1 = 50%
• Application must be received by March 1 and be eligible and awarded by April 1 = 25%

Award amounts are based on the date of award, not the date of eligibility.

Funds will be deposited on a quarterly basis in the student’s accounts by Step Up For Students. Step Up For Students will receive funding from the Department of Education by the following dates:

• September 1
• November 1
• February 1
• April 1

Funds will be deposited into the student’s accounts within two weeks of Step Up For Students’ receipt of funds from the state.

**Funding Continuation**

Once funds are deposited into the student’s account, parents/guardians may use the scholarship funds for a variety of services (described in the sections below). Any unused funds will be rolled over for utilization in subsequent school years, assuming the student remains eligible for Family Empowerment Scholarship for Students with Unique Abilities (FES-UA).

Funding to the account will continue each year, based on the annual application submission, and agreement to comply with the rules (Sworn Compliance Statement). Once the student graduates from high school or attains 22 years of age on or before July 1 (whichever comes first), no additional funds will be deposited into the student’s account, but they may continue to use the funds in the accounts.

If during the school year the Florida Department of Education finds a student in a Florida public school, or any education program funded by the state, or if the parent/guardian withdraws the student from the scholarship program, funds received for that school year will be returned to the state.

**Please note:** A student is ineligible for additional scholarship payments if the student’s account has been inactive (no spending activity) for two (2) consecutive fiscal years (July 1 - June 30).
However, once an eligible expenditure is made, the student is eligible for additional scholarship payments based on available funds.

**Account Balances**

A student’s unspent scholarship funds may be rolled over from one year into the next school year. However, if the student’s scholarship account balance reaches $50,000, Step Up For Students may not transfer any additional funds into the student’s scholarship accounts.

Parents/guardians are encouraged to monitor their student’s scholarship balance and spending to ensure that they remain eligible for scholarship payments.

**Closure of Accounts**

A student’s scholarship account must be closed and any remaining funds, including any contributions made to the Stanley G. Tate Florida Prepaid College Savings Program or to the Florida College Savings Program (529) will be returned to the state after:

- Denial or revocation of program eligibility by the commissioner for fraud or abuse,
- Any period of three (3) consecutive years after high school completion or graduation during which the student has not been enrolled in an eligible postsecondary educational institution or a program offered by the institution, or
- Any period of two (2) consecutive fiscal years with no spending activity.

**Actions That May Lead to a Loss of the Scholarship**

Actions that may lead to a loss of the scholarship include, but are not limited to:

- Misrepresenting or withholding information on the scholarship application or reimbursement documentation.
- Failure to enroll the student in a private school or as a Home Education Student with their Florida public school district.
- Failure to satisfy regular attendance requirements.
- Failure of the student to take a required nationally norm-referenced test or the statewide assessment, if applicable (students exempt from norm-referenced testing are not subject to this requirement).
- Moving out of the state of Florida.
- Returning to a public school, charter school, or FEFP-funded program (including full-time FLVS or VPK-SIS services)/
- Utilizing another state scholarship.
• Fraudulent activity, including taking possession of any FES-UA funds by refund, rebate, or credit from a provider or purchase.
• Allowing another party, including a provider or school representative, to access or manage your student’s scholarship account.

Please note that the above actions, or any violation of the FES-UA scholarship statutes, rules, policies, or procedures may result in the loss of the scholarship, future scholarship ineligibility, or financial or criminal penalties.

**Approved Usage for FES-UA Funding**

Program funds must be used for eligible expenses that meet the individual educational needs of the eligible student. A parent/guardian, student, or provider of any services may not bill an insurance company, Medicaid, or any other agency for the same services that are paid for using Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) funds.

Please note: Reimbursement requests submitted for an item or service that is not listed as an eligible expense may result in delayed processing or denial of the reimbursement if submitted without an approved pre-authorization. For information on pre-authorizations, please click here.

Pre-Authorization
Many items and services have been pre-approved as authorized uses of scholarship funds. These items or services fall into different categories, such as instructional material, curriculum, and services. The first step in using scholarship funds is familiarizing yourself with the types of items and services listed as eligible expenses in the program Purchasing Guide. Items on MyScholarShop are pre-approved by program.

If the item or service is not available on MyScholarShop, listed in the Purchasing Guide, or is indicated to require a pre-authorization, the pre-authorization must be submitted before purchasing the item or service. The pre-authorization is for the item or service only and is based on the rules at the time of approval. The pre-authorization is not a confirmation of the provider’s eligibility or the funding available for the reimbursement. A pre-authorization will require supporting documentation and an explanation of how the item is in an eligible expense category and will meet the individual educational needs of the student and/or will allow the student to access instruction or instructional content. In other words, parents/guardians will need to demonstrate how the item or service is an eligible expense that help their student learn.

The pre-authorization should be specific to the student and contain as much detail about the specific item or service being requested, including the approximate cost of the item or service. If
approved, the items or services submitted on the reimbursement that corresponds to the pre-authorization should match those on the pre-authorization. If they do not, Step Up For Students reserves the right to deny the reimbursement request.

Approval of pre-authorization requests are made on a case-by-case basis relevant to the circumstances of the individual student. An approved pre-authorization is valid for purchases in the school year in which it was approved.

Please note: pre-authorizations for approved items or services will be denied.

**Submitting Pre-Authorization Requests**

Pre-authorizations may be submitted through the EMA portal once a student’s account has been funded. The pre-authorization request will be reviewed in the order it was received, and a notification of the outcome will be sent via email. *If the pre-authorization is approved, once you have purchased you may submit a reimbursement request for in the parent/guardian portal.*

Please note: 2022-23 FES-UA renewal students may continue to use the Pre-Authorization process through the legacy system through August 30, 2024.

Pre-authorizations may be submitted until April 30, 2024. This will ensure that Pre-Authorizations have time to be approved and parents have time to make the purchase and submit a reimbursement request prior to the end of the school year on June 30, 2024.

**Submitting Reimbursement Requests**

Families and providers may elect to participate in direct payment, or the parent/guardian of the scholarship student may also pay for tuition and fees, credentialed services, and/or goods out of pocket, and submit a reimbursement request.

Reimbursements will require parents to provide certain information to Step Up For Students so that funds can be disbursed from the student’s scholarship account for eligible expenses paid out of pocket.

The information available behind your login is confidential and personal. A parent/guardian may not assign the responsibility for submission of any reimbursement documentation to another user. **DO NOT provide anyone, especially service providers or personnel at a private school, access to your scholarship account by giving them your username and password. Doing so may result in loss of scholarship eligibility and funding, or financial or criminal penalties.**

Reimbursement requests are year specific. Unused funds from a prior year will roll forward into the current school year’s balance. Requests for reimbursements for items or services purchased between July 1, 2023 and June 30, 2024 must be submitted by July 31, 2024, to be approved.
Please Note: Please allow up to 60 days for a reimbursement request with required supporting documentation to be fully reviewed.

**Submitting a Reimbursement Request - Required Supporting Documentation**

When submitting reimbursement requests, you will be required to submit documentation supporting the purchase of the item or service and proof of the method of payment. Reimbursement requests must include an original, unaltered receipt or invoice from the vendor or provider. The type of information required may differ from one category of reimbursement to another. An invoice or statement marked “PAID” or showing a zero balance will not be accepted as proof of payment. Reimbursement requests placed ON HOLD for additional documents longer than 30 days will be denied and will require resubmission.

**Proof of Payment**

Proof of payment will be required for any reimbursement request where the payee is the parent/guardian. Proof of payment can be any of the below:

- Credit card receipt with the full transaction date (mm/dd/yy), payee name, and amount
- Credit card/bank statement including the full transaction date (mm/dd/yy), payee name, and amount
- PayPal receipt including the full purchase date (mm/dd/yy), payee name, amount, and funding source

Requests for reimbursement of cash purchases from private sellers, not affiliated with a company, (i.e., garage sale, Craigslist, private tutors, private therapists, etc.) will be denied.

When making purchases from private sellers, payment in the form of a personal or cashier’s check, money order, PayPal, Venmo or other electronic payment method is REQUIRED. This form of payment provides verification of the purchase, which is required for reimbursement.

NOTE: Purchases made using reward/loyalty points or credits are not eligible for reimbursement. For purchases discounted by use of reward/loyalty points or credits, only the actual paid portion is eligible for reimbursement.

If the payee’s name on the proof of payment does not match the provider listed on the invoice or receipt, supporting documentation will be required to explain the difference by the provider (this can be in the form of a letter).

Step Up For Students staff may request additional documentation or clarification when they review the reimbursement request. These requests will arrive via email to the email address associated with your account.

Reimbursement Mechanism

Once approved through the EMA platform, reimbursements to a parent from the student’s scholarship account will be paid to a reloadable reimbursement card. Families will not be asked to provide or submit personal banking information.

One reimbursement card will be issued to a scholarship family. Reimbursements for multiple scholarship students on multiple scholarship programs will be payable to the family’s single reimbursement card.

Please click here to learn about the reloadable reimbursement card.

Direct Payment

To provide an additional level of service to the families served by the Family Empowerment Scholarship for students with Unique Abilities (FES-UA), Step Up For Students has developed a method of direct payment to approved providers. Providers wishing to participate in direct payment from families must set up a provider account in the EMA system and submit a service catalogue.

Students who received and utilized FES-UA funding during the 2022-23 school year will begin the 2023-24 school year in the legacy system for all reimbursement requests, and direct provider billing (with the exception of eligible private school enrollment). Renewal FES-UA recipients will move to the EMA system in Fall 2023.

New FES-UA students will be direct pay in EMA.

Direct Billing For Eligible Private School Enrollment

Beginning with the 2023-24 school year, schools may enroll an FES-UA scholarship student in the EMA platform, which will allow the school to invoice students quarterly. This is optional for the FES-UA student’s parent/guardian, who may choose to direct pay their school via the enrollment function.

At the time of enrollment, the school and parent/guardian must both certify the agreed-upon tuition and fee rate for that student. The agreed-upon tuition and fee rate for the student may include discounts or other considerations and may be less than the school’s published tuition and fee rate for the student’s grade level. However, the agreed-upon tuition and fee rate may
not exceed the school’s published tuition and fee rate for the student’s grade level. The agreed upon amount of tuition and fees posted in EMA for each student should not exceed any contractual agreement between the parent/guardian and the eligible private school.

Step Up will commit the total amount of tuition and fees for that student and bill them quarterly before a parent/guardian can access any remaining funds for other eligible expenses.

Once a student is enrolled and attending a school for 10 or more days during a quarterly payment period, that school will receive the full quarter’s distribution. If a student transfers to a different participating school in the same quarter, the first school the student attended for 10 days or more in the quarterly payment period will receive the full quarter’s payment. It is acceptable for the parent/guardian and the two schools to negotiate any amount owed to the new school from the quarterly payment made to the first school by Step Up For Students. This is not required, but, in the spirit of partnership for the good of the student, is highly recommended.

Parent/Guardian Responsibilities

Parents/Guardians of students receiving scholarship funds through Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) may not take possession of funds at any time and are prohibited from providing services to their own scholarship student. Parents/Guardians are subject to all FES-UA responsibilities as outlined in the annual Sworn Compliance Statement, the EMA Terms & Conditions, and FES-UA statute. If a parent/guardian receives a refund for any services or goods purchased with scholarship funds, those funds must be returned to Step Up For Students for deposit into the student’s scholarship account. Parents/guardians may not assign the application or management of their scholarship application or any spending or reimbursement submission to any other user. Parents/guardians must not provide login information to ANYONE. Step Up For Students will not be responsible for changes and/or charges made by anyone other than the account owner if the login information has been shared.

Important Items to Note

About Reimbursements

- Reimbursement requests for goods or services purchased between July 1, 2023, and June 30, 2024, must be received by Step Up For Students by July 31, 2024.
- If an ACH payment is rejected by the banking institution, the funds will revert to the student’s account after 30 days.
- Cash payments to private sellers will not be eligible for reimbursement. You must use a money order, personal or cashier’s check, PayPal or other electronic payment method for reimbursement to be considered. When submitting a copy of a cleared check, please black out the routing and account numbers and submit a copy of the front and back of the cleared check.
- If you do not spend any money from your account for two consecutive fiscal years (July 1 – June 30), your account will be closed, and all remaining funds, current and those rolled over from a prior year, will be returned to the State of Florida.
- Family Empowerment Scholarship for Students with Unique Abilities (FES-UA) fund purchases may be subject to frequency of purchase rules. Please refer to the FES-UA
Frequency rules are by calendar rule. For example, a laptop may have a two year purchasing frequency, meaning that a student who purchased a laptop on November 10, 2021, will be eligible to purchase another laptop using scholarship funds on or after November 11, 2023.

- If, at any time during the waiting period outlined above, the student’s device, purchased with scholarship funds, is damaged or broken beyond repair it may be replaced ONE time with a similar item of equal or lesser value. A pre-authorization request and documentation validating the device is beyond repair is required for review.
  - If a replacement device is authorized, the 2 calendar-year period will reset, and no additional device of that type may be purchased using FES-UA funds until two calendar years after the purchase date of the replacement device. For example, a student who purchased a laptop on July 10, 2022, but then is authorized to purchase and purchases a replacement device on October 10, 2023, will not be eligible to purchase another laptop using scholarship funds until on or after October 11, 2025.

- Stolen technology items may be considered for replacement on a case-by-case basis via the submission of a pre-authorization request.

- Step Up For Students staff may request additional documentation or clarification when they review the reimbursement request. These requests will arrive via email to the email address associated with your account.

- Step Up For Students reserves the right to close any reimbursement request submitted for payment.

- If you have been reimbursed from scholarship funds for an item that is returned OR have been reimbursed for lessons or therapy session in advance of the scheduled lesson or session and do not attend the session, any refund for which you receive cash should be returned to the student’s scholarship account. A check, made payable to Step Up For Students, indicating the scholarship student’s name and ID number, should be sent to Step Up For Students at the following address:

  
  Step Up For Students  
  Attention: Accounts Receivable  
  4655 Salisbury Road, Suite 400  
  Jacksonville, Florida 32256

- If a reimbursement request is denied, you may appeal that decision ONE TIME by submitting a new reimbursement request, notating in the description box it is an appeal
or reconsideration request and providing documentation that supports your reconsideration request. The decision made by the Step Up For Students appeal team is final. After the appeal decision is made, any additional appeals for the same item will not be reviewed. Please note that appeals will only be reviewed through the established process; Step Up For Students is unable to review appeals or resubmission requests that come via email or any customer service channel.

- Always check the balance of your student’s account prior to making purchases and when submitting reimbursement requests. You may view the balance on the online statement provided within your login. As a reminder, the amount reimbursed cannot exceed the available balance in the student’s account.

- Step Up For Students approves reimbursement of items within the guidance of Florida statutes related to the scholarship program, as well as DOE rules and Step Up For Students policies and procedures. In addition to demonstrating educational benefit, Step Up For Students considers the manufacturer’s recommended minimum age when processing reimbursement requests. Prior approval of items or services due to error does not constitute policy.

- Reimbursement requests to be paid directly to the parent/guardian may be approved for service dates up to 3 months in advance from the date of reimbursement submission. Requests submitted for services beyond the 3 month window may be approved through the remainder of the school year (up to one year) if there is attestation from the provider that the services paid in advance are non-refundable. This may be in the form of a signed and dated letter from the provider stating that the payment is non-refundable or provider published financial policies evidencing these requirements. Requests for payment directly to a provider may only be approved after the service has been rendered.

**Continuing Program Eligibility**

- Scholarship Renewal
  - Students must complete a renewal application each school year in order to receive additional funding and remain active in the FES-UA program. Students do not have to requalify each year, with the exception of students who have aged out of a High-Risk diagnosis, or some hospital/homebound students.
  - Students who do not renew and receive FES-UA funding and “sit out” a year will lose renewal status and priority.
Students who leave the FES-UA program and who choose to later reapply for an FES-UA Scholarship will be considered new students.

- If your student turns 22 or graduates high school, but still has funds remaining, you MUST complete an intent-to-continue and provide the required documentation to use the remaining funds.

- Step Up For Students MUST be notified immediately if your scholarship student enrolls in one of the options listed below, or if you move out of state. Failure to do so could result in a loss of funding, loss of future eligibility, or financial or criminal penalties.
  - Public school or any public-school classes
  - Charter school
  - Services funded through the Florida Education Finance Program
  - Voluntary Prekindergarten (VPK)
  - Florida Virtual School – as a public-school student, not as a scholarship, private-pay, student
  - Florida Tax Credit Scholarship program, including PEP (FTC/FTC-PEP)
  - Hope Scholarship program
  - Family Empowerment Scholarship for Educational Options (FES-EO)
  - New Worlds Scholarship Account

- If your scholarship student is placed in any residential program, it is important that you ask about the mandatory school attendance requirement while the student is in the program. If the program uses any Florida public school option (district school, charter school, Florida Virtual School), the student’s scholarship will be in jeopardy. If the program uses a private school option, if the private school is an eligible, participating private school, your student’s scholarship funds may be available to cover the cost of tuition and fees while the student is attending.
