## Overview

Step Up For Students is a state-approved, nonprofit Scholarship Funding Organization (SFO) that empowers families to pursue and engage in the most appropriate learning options for their children. Step Up For Students administers Florida's education choice programs.

These programs include the Family Empowerment Scholarship for Educational Opportunities (FES-EO), the Family Empowerment Scholarship for Students with Unique Abilities (FES-UA), the Florida Tax Credit Scholarship Program (FTC), the Hope Scholarship for students who are bullied or are victims of violence in a public school, and the New Worlds Scholarship Program for public school students in kindergarten through fifth grades who struggle with math and/or reading.

In 2018, the Florida Legislature established Reading Scholarship Accounts to provide educational options for public school students in grades 3 through 5 who struggle with reading. In 2022, the program was renamed the New Worlds Reading Scholarship Accounts Program and the Florida Legislature expanded eligibility for the scholarship to include public school students in grades K-5 who have a substantial reading deficiency. In 2023, the program was renamed the New Worlds Scholarship Accounts Program and was expanded to include public school students in grades K-5 who have a substantial math deficiency.

Florida is the first state to offer an education savings account program for students enrolled in public schools. The program provides parents with access to education savings accounts, worth \$500 each, to pay for tuition and fees related to part-time tutoring in reading and/or math, summer and afterschool programs designed to improve reading/literacy or math skills, instructional materials, which includes limited technology, or curriculum related to reading/literacy or math.

The sections following this introduction will guide you as you utilize your New Worlds Scholarship Accounts funding.

## Qualifying for a New Worlds Scholarship Account

Step Up For Students and the Florida Department of Education will work together to determine if your student qualifies for a New Worlds Scholarship. This process may take several weeks. Parents/guardians will receive email notifications to the email address listed in their Guardian Profile when there is an update in the scholarship status. Parents can also login to their [EMA Account](#) to view their application status at any time.

A student may only receive one scholarship at a time. Parents must notify Step Up if the student leaves the Florida Public School system. Leaving the Florida Public School system could affect the student's scholarship status.

## Application Processing Status Definitions

- **Submitted:** The application has been received and is being reviewed for eligibility.
- **On Hold:** The application did not have the information needed to determine eligibility. The parent/guardian must submit additional information.
- **Eligible/Awarded:** The Florida Department of Education has confirmed the student's eligibility for the scholarship.
- **Ineligible:** The student was found not eligible for a New Worlds Scholarship and will not be funded.

## Funding for New Worlds Scholarship Accounts

Funding for the New Worlds Scholarship Accounts comes from the State of Florida. Each scholarship is \$500.

### **Program funding is limited.**

If a student has been found eligible by the Florida Department of Education, Step Up For Students will work with the State of Florida to deposit funds into a student's scholarship account, as long as program funds are available. This process may take several weeks after the student is found eligible. Funding will be established on a first-come, first-served basis, with English Language Learner students receiving priority. Students are required to be enrolled in a Florida public school to be funded.

Parents will be notified via email when funds have been deposited into the student's New Worlds Scholarship account. Parents may also [login](#) to EMA to view their funding status.

Once funds have been deposited into the student's account, parents may use the scholarship funds for a variety of services (described in the sections below). **Please note: It may take a few days for the Marketplace tab (including MyScholarShop) to appear in EMA after funds are applied to the student's account.** Any unused funds will be rolled over for use in subsequent school years.

A student's scholarship account must be closed, and any remaining funds must be sent back to the Florida Department of Education after:

- Denial or revocation of scholarship eligibility by the Commissioner of Education for fraud or abuse, including but not limited to, the student or student's parent accepting any payment, refund, or rebate, in any manner, from a provider of any services; or
- Three (3) consecutive fiscal years in which an account has been inactive.

**Note:** An account is considered inactive if you do not spend any money from your student's account for three consecutive fiscal years (July 1 – June 30).

Parents of students receiving scholarship funds through a New Worlds Scholarship Account may not take possession of funds at any time, unless provided as a reimbursement by Step Up For Students. If a parent receives a refund for any services or goods purchased with New Worlds Scholarship funds, those funds must be returned to Step Up For Students for deposit into the student's scholarship account.

To return funds to the student's New Worlds Scholarship Account, the parent/guardian must send a check that includes the student's name and student ID number to:

Step Up For Students  
Attn: Accounts Receivable  
P.O. Box 54429  
Jacksonville, FL 32245-4367

If you wish to close your student's New Worlds Scholarship Account, you must contact Step Up For Students at [NewWorlds@SUFS.org](mailto:NewWorlds@SUFS.org) or (877) 735-7837.

## Waitlist

The number of applications received by Step Up For Students may exceed program capacity. Statutory guidelines limit the number of scholarships available each school year, with the annual number of available scholarships determined by statute. In the event that program capacity is met, a waitlist will be instituted.

We strongly encourage you to submit your application as soon as possible. Applications are reviewed on a first-come, first-served basis. After the annual statutory scholarship cap has been met, all students found eligible after that date will be placed onto a waitlist. There is no guarantee that a student will be moved from the waitlist. If program capacity allows additional awards, students may come off the waitlist. You will receive an email notification regarding your updated application status if your student is moved from the waitlist. Award amounts are based on the date of award, not the date of eligibility.

## **Reimbursement Requests**

Parents/guardians may also choose to pay out-of-pocket for educational services and/or products and submit a request for reimbursement through EMA. These educational services and/or products must be related to reading/literacy and/or math.

Families with an approved reimbursement request can select from one of the following payment methods:

### **Direct Bank Transfer**

Securely deposit funds directly into your bank account via an ACH transfer. If direct deposit (ACH) is selected, families will be asked to submit personal banking information.

**Note:** To help keep your information secure, your banking information is not stored in EMA.

### **Check**

If you prefer a more traditional approach, you can select to have a check mailed to the address in your EMA profile.

### **PayPal®:**

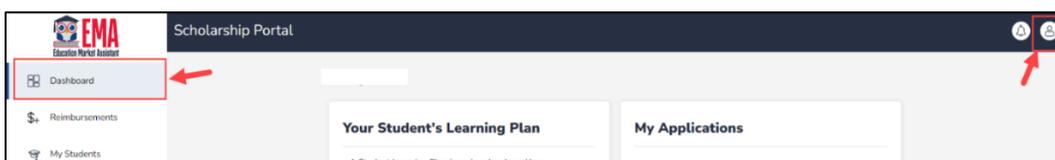

Opt for PayPal®, a widely used and trusted online payment platform, to receive your reimbursement with ease.

Reimbursements for multiple scholarship students on multiple scholarship programs will be paid separately. Please [click here](#) to learn more about how reimbursement payments are made and how to receive your payment.

## \*ATTENTION\* Important Reimbursement Information

As a result of House Bill 1361 from the 2024 Florida legislative session, reimbursements for program purchases will be eliminated after the 2023-24 school year. Students will only be able to utilize direct pay providers through the EMA marketplace and/or make direct purchases through MyScholarShop.

If you have any out-of-pocket expenses that need to be submitted for reimbursement, please note the deadline for submission with documentation is September 30, 2024 for the reimbursement request to be reviewed. This is a hard deadline to ensure Step Up For Students complies with HB1361.

Reimbursement requests will be processed as they are received.

To submit a reimbursement request, you will need to login to your [EMA Account](#) and go to the reimbursement tab on the left side of the dashboard. The reimbursement option will only appear in the scholarship portal once your student's funds have been deposited in their account.

In the reimbursement tab, you will be able to:

- Submit a reimbursement request
- View and search current statuses for your requests

Reimbursements may be submitted for purchases made after July 1, 2023.

Requests for reimbursement for the 2023-24 school year must be submitted, with all the required supporting documentation, no later than August 31, 2024, to be considered for payment.

If you would like to use a provider that is not on the pre-approved list and you don't know if they meet the requirements, please show the provider this section of the Handbook and ask them if they meet any one of the requirements needed to be eligible to serve your scholarship student.

The reimbursement process will be faster if the provider is pre-approved by Step Up For Students. Pre-approved providers may also opt-in to our direct-pay service, eliminating the need for families to pay out-of-pocket and wait to be reimbursed. Providers can learn more about becoming a direct-pay partner by visiting our [provider webpage](#).

If a single reimbursement is submitted that totals more than the maximum scholarship award (\$500) OR the account balance at the time of submission, the reimbursement will be adjusted to the maximum scholarship amount or the amount available.

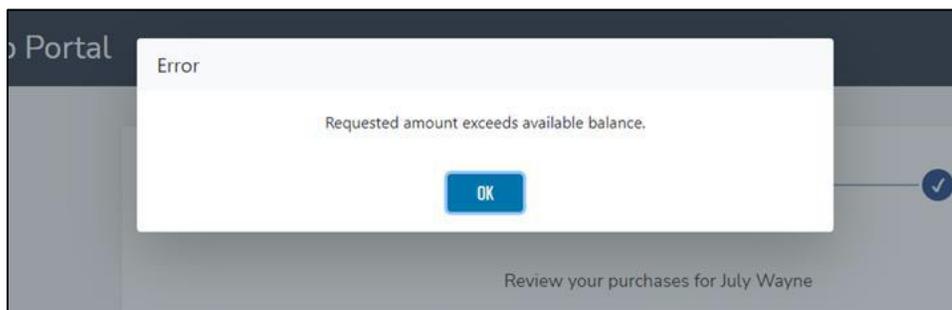

If multiple reimbursements are submitted totaling more than the maximum scholarship award (\$500) OR the account balance at the time of submission, the reimbursements will be paid in the order received by Step Up until the account balance is used. This could result in a partial payment or a denial of one or more of the reimbursements due to a lack of available funds.

## How to Submit a Reimbursement Request

1. Once logged into your [EMA Account](#), select "Reimbursements".
2. Select "New" to add a new reimbursement request.
3. Select the student and select "Continue".
4. Upload your reimbursement document. Please see [Documents Requirements to Submit a Reimbursement](#). *You will have the option of adding additional documents later if you have more reimbursement requests.*
5. Select "Continue" until you come to the page to enter reimbursement information.
6. Enter information for each line item of your receipt. Be sure to include the educational benefit for your request. The educational benefit will need to demonstrate how the item or service *will help the student learn*.
  - If you only have one item to submit for reimbursement on your receipt, select "Done".
  - If there are multiple items on your receipt, select "Add Item". You may add as many items as needed. After adding all items, select "Done".

7. Review your reimbursement request. Click back to make any edits or select “Submit for Approval” if the information is correct.
8. If your requested amount exceeds the balance in your student's account, an onscreen error will appear as shown below. The screen will refresh and will go back to the request form so you can adjust the amount.

If your student has enough funds in their account, your request will be submitted to Step Up for approval. You will then see an onscreen confirmation. As a reminder, reimbursements may be submitted for purchases made after July 1, 2023, until you have exhausted your funds. Requests for reimbursement for the 2023-24 school year must be submitted, with all the required supporting documentation, no later than August 31, 2024, to be considered for payment.

When making purchases from an individual or private seller who does not accept credit or debit cards, (i.e., garage sale, flea market), payment using a cashier’s check or money order is required to be reimbursed. Using a cashier’s check or money order provides the required proof of payment method for the purchase. **Reimbursement requests for purchases paid with cash will be denied.**

2. Select any request with a status of Denied. Select “Appeal” button.
3. Make any necessary edits, include new attachments, and submit.
