Proof of Residency

Active-duty members of the United States Armed Forces who do not have a Florida residential address at the time of application but have received PCS orders must provide a copy of their PCS orders in the application documents and list the Florida address of the unit to which they are being assigned or from which they are being relieved.

Proof of Residency for Active-Duty Military Families Moving into Florida:

For students who are dependent children of active-duty members of the United States Armed Forces with Permanent Change of Station (PCS) orders to move into Florida, but have not yet established residency, their parent or guardian should:

- Upload the PCS orders in the Proof of Residency section of the scholarship application.
- Be sure the physical address in their guardian profile matches the newly assigned unit address on the PCS orders they submit.

Once residency in Florida is established, the family should call Step Up For Students at (877) 735-7837 to provide an updated Proof of Residency. Students will not receive funds until an updated Proof of Residency is received and the physical address is updated in the guardian profile in EMA.

Proof of Residency for Active-Duty Military Families Living outside of Florida: (renewal students only)

- A copy of the PCS orders and Leave and Earnings Statement
- IRS Domicile 2058 or DFAS Form 702
