SCHOOL FINANCIAL REPORT REQUIREMENT Florida School Choice Programs

March 15, 2024

Fiscal Accountability for Participating Schools Guidelines and Procedural Requirements

Overview

Florida Statute 1002.421(1)(q) requires schools participating in educational scholarship programs established pursuant to Chapter 1002, specifically, the Florida Tax Credit Scholarship, Family Empowerment Scholarship for Educational Options, Family Empowerment Scholarship for Students with Unique Abilities (formerly known as Gardiner and John M. McKay scholarships¹), and the Hope Scholarship (collectively, the “Scholarships”) and receiving more than \$250,000 in funds from the Scholarships awarded during the state fiscal year from July 1 of a calendar year to June 30 of the next calendar year (a “Fiscal Year”) to annually file a fiscal accountability report. The fiscal accountability report focuses on the use of the Scholarship funds and the financial procedures and controls in place at the schools.

The participating school must engage with an independent Certified Public Accountant (the “CPA”) firm currently licensed to perform attest engagements in Florida to: 1) perform an Agreed-Upon Procedures (“AUPs”) engagement in accordance with the standards established by the American Institute of Certified Public Accountants in Statements on Standards for Attestation Engagements (SSAE No. 18 AT-C Section 105 and SSAE No. 19 AT-C Section 215); and 2) prepare an Independent Accountant’s Report on Applying Agreed-Upon Procedures (the “AUP Report”). The CPA’s staff must comply with the school’s policy for screening and managing its visitors.

The school is required to submit an original copy of the AUP Report to the state-approved nonprofit Scholarship Funding Organization (“SFO”) that provided it the majority of the Scholarships awarded during that Fiscal Year. The AUP Report is due to the SFO by September 15 following the end of that Fiscal Year.

The SFO must annually report to the Commissioner of Education by October 30 of that year: 1) a school’s failure to file the AUP Report; and 2) any Material Exceptions set forth in the AUP Report. Reportable Exceptions set forth in the AUP Report will be reviewed by the SFO, which may provide a recommendation for corrective action to the school. If the same or substantially the same Reportable Exception is reported in three consecutive years, that same or substantially same exception should be reported as a Material Exception by the CPA in the third year and each year thereafter that it remains uncorrected.

The following revised AUPs were developed by eligible SFOs participating in a joint biennial review as required by Florida Statute 1002.395(6)(o)(1)(b) and include input from the accrediting associations that are members of the Florida Association of Academic Nonpublic Schools and the Florida Department of Education.

¹ In the 2021-22 school year, the Gardiner Scholarship Program became part of the Family Empowerment Scholarship Program and was renamed FES-UA. In the 2022-2023 school year all John M. McKay Scholarships for Students with Disabilities also became part of FES-UA and were administered by the SFOs. In 2023-2024 school year, the Hope Scholarship Program became part of Florida Tax Credit.

Reporting Exceptions

Specific Guidelines Governing the Reportable of Exceptions

Exceptions found in performing the AUPs fall into one of two categories depending on the significance of the attributes being tested to the integrity of the program: Material Exceptions or Reportable Exceptions. The guidelines for each procedure indicate whether exceptions found during the performance of the procedure are Material Exceptions or Reportable Exceptions. All Material Exceptions will be reported to the Commissioner of Education by the SFO or Department and will require preparation and submission of a Corrective Action Plan by the school to the SFO outlining the steps the school plans to take to correct the Material Exception.

Reportable Exceptions should be reported to the SFO or Department, which may provide a recommendation for corrective action to the school. If the same or substantially the same Reportable Exception is reported in three consecutive years, that same or substantially same exception should be reported as a Material Exception in the Report for the third year in which that exception is reported and for each year thereafter that it remains uncorrected.

All Material Exceptions will require a Corrective Action Plan (CAP) prepared and submitted by the school.

Specific Guidelines Governing the Reportability of Exceptions

Exceptions found in the course of performing the AUPs fall into one of two categories depending on the significance of the attributes being tested to the integrity of the program: Material Exceptions or Reportable Exceptions. The guidelines for each procedure indicate whether exceptions found during the performance of the procedure are Material Exceptions or Reportable Exceptions.

Material Exceptions will be reported to the Commissioner of Education by the SFO and will require preparation and submission of a Corrective Action Plan by the school to the SFO outlining the steps the school plans to take to correct the Material Exception.

Reportable Exceptions should be reported to the SFO, which may provide a recommendation for corrective action to the school. If the same or substantially the same Reportable Exception is reported in three consecutive years, that same or substantially same exception should be reported as a Material Exception in the Report for the third year in which that exception is reported and for each year thereafter that it remains uncorrected.
